L25T5G50A-25PK

25W 54W T5HO
REPLACEMENT

OVERVIEW

Simply Conserve® T5 Type A LEDs offers a true plug-and-play retrofit solution for upgrading linear fluorescent fixtures—no rewiring or additional labor required. Engineered for compatibility with T5HO program start electronic ballasts, it delivers over 3,500 lumens of bright, efficient light. Its reliable construction ensures safe installation while helping reduce maintenance and overall operating costs.

FEATURES

- **Durable Glass Tube Construction**
Built with high-quality glass for enhanced durability, optical clarity, and resistance to warping or discoloration over time.
- **Plug-and-Play T5HO Replacement**
Designed for direct compatibility with existing T5HO systems using program start electronic ballasts—no rewiring needed.
- **Long 50,000-Hour Rated Life**
Delivers lasting performance and reduced maintenance costs with an extended service life of up to 50,000 hours.
- **Versatile for Dry and Damp Locations**
Rated for use in both dry and damp environments, offering installation flexibility across a variety of settings.
- **UL Compliant for Safety and Reliability**
Meets UL1993 and UL8750 standards, ensuring safe performance and compliance with industry regulations.
