

Leak Detection Tablets

N3140

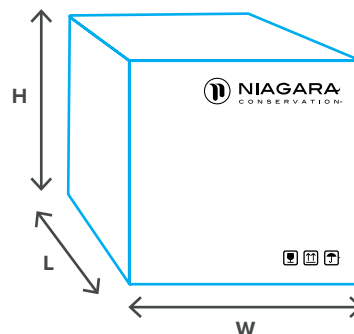

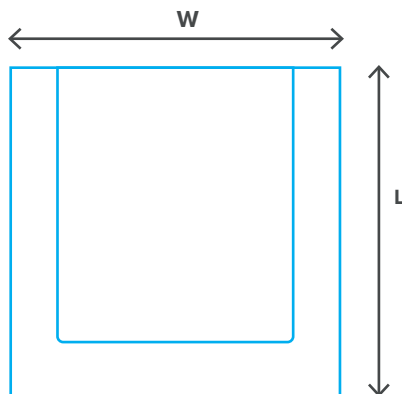

OVERVIEW

The Simply Conserve® Leak-Detection Tablets offer a fast, affordable, and user-friendly method to identify hidden toilet leaks that can silently consume thousands of gallons of water per year. With a simple drop-in application, these non-toxic tablets color the water in the bowl if a leak is present, alerting users immediately to needed repairs. The tablets come in bilingual, moisture-resistant packaging and can be customized with branded messaging for promotional or programmatic outreach.

FEATURES

- **Instant Leak Detection**
Just drop a tablet into the toilet tank—if blue water appears in the bowl, you've got a leak. No tools, no guesswork.
- **Eco- and User-Friendly**
Non-toxic formula is safe to use around the home or in public facilities, and not harmful to plumbing systems.
- **Customizable Branding**
Great for conservation programs or promotional campaigns looking to add their logo and message to the packaging.
