

Earth® Luxe Shower Faucet with Pressure-Balancing Mixing Valve

N-SLPB-SK15-CH-US

N-SLPB-SK15-BN-US

OVERVIEW

Featuring transitional design to match any bathroom decor, quality components, and performance driven water and energy savings, Niagara Conservation's Earth® Luxe Shower Faucet with Pressure-Balancing Mixing Valve is ideal for enhancing bathroom appeal and reducing utility bills. This attractive showerhead and valve combination features premium components such as a sculpted metal handle and ceramic cartridge for smooth, long-lasting, drip-free water control. Niagara's famous Earth® Luxe showerhead with patented Equiforce® Technology ensures bathers experience uniform flows, high pressure sprays, and broad coverage for warm, soothing showers over the years to come. Pressure balancing technology within the brass valve protects against sudden temperature changes while showering. Integral stops allow for valve servicing without water disruption.

FEATURES

- **Save 40% More Water Without Sacrificing Performance*** WaterSense Certified to comfortably and conveniently reduce water and energy use.
- **Enjoy Consistent Temperatures While Showering or Bathing** Pressure balancing to protect against sudden temperature changes.
- **Warm, Soothing, Great Feeling Sprays** Patented Equiforce® Technology delivers uniform, high-pressure, broad-coverage sprays.
- **Smooth and Precise Water Controls** Generously sized metal lever and a durable ceramic cartridge for silky, drip-free operation.
- **Versatile Installation Options** Decorative cover and plug for shower-only applications are included.
- **Convenient Servicing** Integral stops allow for servicing valve with no disruption to unit or building water supply.
- **Limited Lifetime Warranty** Free repair or replacement of manufacturing defects for product's lifespan (restrictions apply).
