

OVERVIEW

Niagara Conservation's showerheads are highly efficient and affordable while helping conserve water and energy. The Vara II is equipped with a patented internal pressure compensator which enables a consistent output and flow of water regardless of available water pressure. This 3-function handheld shower set in matte black finish fits in many modern bathroom designs for both new construction or retrofit.

*Factors in calculating savings potential:

- 3-person households each using a shower 9 minutes per day, 365 days per year (AWWARF Residential Study)
- Comparing water use with these showerheads vs. a standard 2.5 GPM unit
- US city average water and sewer cost of \$8.3 per 1,000 gallons (study done by NUS Consulting Group 2011)
- Average cost of electricity 0.113¢ per kWh (Energy Star Nov. 2013 Lightbulb Calculator)
- Average cost of gas \$1.137 per therm (Bureau of Labor Statistics April 2014)
- Calculations done by energy.gov

10-Year Limited Warranty

AM Conservation guarantees to the original purchaser or recipient of a showerhead that it is free from defects in material and workmanship for a period of 10 years. AM Conservation will at our choice replace any part of the showerhead which is in our opinion defective provided that the product has not been abused, misused, altered, or damaged after its purchase. This includes damage due to the use of tools or harsh chemicals. In the event a product has been discontinued, AM Conservation will replace it with what we determine to be the closest product. AM Conservation is not responsible for labor charges, installation, or other consequential cost. AM Conservation's responsibility shall not exceed the original cost of the product.
