

OVERVIEW

Simply Conserve®'s Open-Cell Foam-Tape Weatherstripping is easy to install and helps reduce heating and cooling costs. No special tools or skills are needed. To install, just clean surface, cut to size, peel and stick. This Open-Cell Foam Tape Weatherstripping is made of soft compression sponge foam and features an aggressive pressure-sensitive acrylic adhesive. The Open-Cell Foam Tape Weatherstripping may be used to help seal out drafts, prevent heat loss and improve energy efficiency on doors, windows, attic hatches and around air conditioners.
