

Portable Induction Cooktop, Single Burner

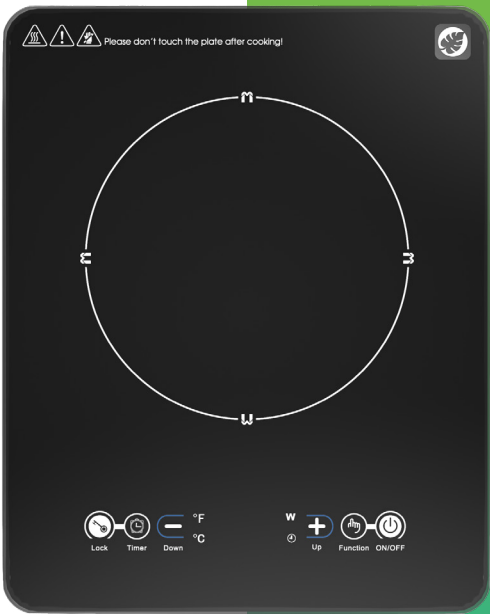

SC-SZ-CT-S1800-BK-US-R1

OVERVIEW

Cook faster and more efficiently with the Simply Conserve® Portable Induction Cooktop, Single-Burner. Using advanced induction heating technology, this compact cooktop transfers energy directly to cookware, allowing water to boil faster and pans to reach cooking temperature sooner than gas or standard electric options. It can also improve indoor air quality by eliminating the pollution created by gas cooking flames. Intuitive digital touch controls with 9 cooking levels provide for fast and accurate heat adjustments while the durable A-grade micro-crystal glass cooktop makes clean-up a breeze. Compact and efficient, this portable induction cooktop is ideal for kitchens, offices, dorm rooms, and other small cooking spaces.

FEATURES

- Faster Stovetop Cooking with Energy Efficient Induction Heating**
Advanced induction technology transfers energy directly to cookware for faster cooking and the ability to boil water in just a few minutes.
- Improved Indoor Air Quality**
Switching to induction cooking from natural gas stovetops reduces indoor air pollutants associated with gas combustion.
- 9 Cooking Levels With Intuitive Touch Controls**
Tailor heat settings with 9 distinct cooking levels and conveniently adjust temperatures using touch controls. Display Fahrenheit, Celsius, or Watts according to preference
- Durable Micro-Crystal Glass Panel**
A-grade integrated micro-crystal surface offers excellent heat resistance while providing a smooth, easy-to-clean cooking surface.
- Compact, Lightweight Countertop Design**
Slim styling makes this cooktop ideal for kitchens, offices, dorm rooms, and other portable cooking applications.
