

Rope Caulk

P14AM

OVERVIEW

Simply Conserve® Rope Caulk provides a simple and efficient method for reducing air infiltration through small gaps and seams. Designed for easy application, it requires no tools—simply separate a strand and press it into place. Its self-adhering composition remains flexible over time and does not harden or dry out, making this caulk suitable for long-term use. Ideal for improving thermal insulation and minimizing drafts, it offers a clean, tool-free alternative to traditional tube caulking, supporting a more comfortable indoor environment in a variety of applications.

FEATURES

- **Enhanced Home Comfort**
Effectively blocks drafts and insulates, ensuring a more comfortable and energy-efficient home.
- **Press. Seal. Done**
No tools, no mess—just separate a strand and press into place for easy application.
- **Stays Soft, Seals Strong**
Designed to remain flexible and effective without cracking, hardening, or drying out.
- **Block Drafts Like a Pro**
Creates a reliable barrier against air leaks, helping maintain indoor comfort and efficiency.
- **A Smart Fit for Any Kit or Marketplace**
Compact, clean, and easy to use—an ideal addition to weatherization kits or marketplaces.
