

Evolve ShowerStart® Multifunction Handheld Showerhead

OVERVIEW

The ShowerStart® Multifunction Handheld Showerhead is the ultimate showerhead upgrade! Integrated ShowerStart® Technology automatically reduces flow to a trickle once hot water arrives (95° F). Experience the freedom and convenience of multitasking when preheating showers—all while saving water, the energy used to heat it, and lowering utility bills. Enjoy the luxury of three pressure-compensated sprays (Firm, Soft, and Combination) that deliver great feeling showers even in lower water pressure homes. Maintenance is as simple as the swipe of a finger, with the spray nozzles' rub-clean design. An extended length stainless-steel hose makes the ShowerStart® Multifunction Handheld Showerhead perfect for adults, children, seniors, pets and even cleaning showers.

FEATURES

- **Warm Up Waste Savings**
Effortlessly saves the water and energy at the start of every shower.
- **Warm-Up Freedom**
Multi-task (shave, brush teeth, go about your morning routine) while waiting for hot water to arrive without water and energy waste.
- **Hot Shower Standby**
Stops empty showers from running on-and-on by auto-pausing flow when hot water arrives (95°F). Press button to resume normal flow and begin showering.
- **Efficient, High-Quality Showers**
WaterSense certified to deliver great feeling, pressure-compensated sprays (Firm, Soft, and Combination) that provide additional water and energy savings while showering.
- **Versatility and Easy Maintenance**
Extended length 73.4" stainless-steel hose. Anti-clog, rub-clean spray nozzles.

TECHNICAL NOTES

The ShowerStart® Technology is not an anti-scald device:

- Lower water heater to a maximum of 120° F (49° C).
- Always resume water flow and check water temperature before entering shower.
- For use in homes with static water pressure >30 psi.
- Tankless systems require a minimum flow rate to produce hot water. With some tankless systems, a brief yet noticeable change in the shower's temperature may occur shortly after resuming the shower's normal flow.

3 YEAR WARRANTY
