

# Window Insulating Kit

AM-E1503DP

AM-E1503SP

## OVERVIEW

Simply Conserve® Window Insulating Kits provide a simple and budget-friendly solution for enhancing home comfort, energy efficiency, and lowering bills by reducing heat loss in the winter and excessive heat gain in the summer. They also protect windows by preventing condensation build-up, which causes rot and mold damage to window casings and sills. Easy to install, the crystal-clear shrink film is applied with double-sided tape (included) and shrunk with a hair dryer to form a smooth, tight, and transparent barrier against weather conditions.

## FEATURES

- **Improves Year-Round Comfort**  
Seals out cold drafts in the winter and heat gain in the summer for more enjoyable home environments.
- **Energy Savings**  
Lowers utility bills by creating an additional insulating barrier between the indoors and outdoors to reduce heat transfer and maintain consistent indoor temperatures.
- **Easy Installation**  
No special tools required. Simply apply film to window with double sided tape (included) and shrink-to-fit with a hair dryer.
- **Versatile**  
Available in single and multi-window packs.

5-Pack, AM-E1503DP
