

Dr. Roland Sacher Collection

The Dr. Roland Sacher collection combines cutting edge technology with luxurious ingredients of the highest quality, such as our PCM Complex - pearl, caviar, and magnolia. For those who appreciate the finer things of life, this prestige line is the ultimate skin care to pamper and nourish your skin.

Pearl, Caviar, and Magnolia revitalize the skin's metabolism.

Vitamin A palmitate stimulates cell regeneration.

Vitamin E regenerates the skin and protects against free radicals.

Capuacu butter, a rich seed butter from the Amazon, replenishes moisture and elasticity while protecting skin.

Silk proteins smooth the skin and protect against moisture loss.

Basic Protocol

Step	Product	Usage
1. Cleanse	Cleansing powder	This ultra-mild cleansing powder comes in individual ampoules that contain a pre-measured amount of powder. Break open the ampoule and pour the powder into a bowl or into hands. Work into foam with water and massage over the face. Rinse off.
2. Exfoliate	Exfoliating Powder	Our Exfoliating Powder works into a creamy fine foam that smoothes and polishes the top layer of skin with luxurious pearl powder. Pour contents of ampoule into a bowl or hands. Work into a lather using a brush or hands and massage over face, being sure to avoid the eyes. Remove with moist cloths.
3. Tone	Face Tonic + PCM Complex	This refreshing toner revives and pampers the skin with our luxury PCM complex - pearl, caviar, and magnolia. Pour Face Tonic onto a cotton pad and stroke over face.
4. Moisturize	Day Care + PCM Complex	Our rich day moisturizer contains naturally-occurring minerals, amino acids, and peptides found in our PCM complex to regenerate and strengthen the skin. Gold and silver pigments create a pearlescent, skin-blurring finish. Apply evenly over the face and neck in the morning.

	Night Care + PCM Complex	At night, our Night Care cream tightens skin, reducing fine lines, while softening and smoothing skin texture with rich natural oils. Massage into cleansed skin at night.
5. Eye Cream	Eye Care + PCM Complex	Our unique PCM complex improves the structure of skin. This eye cream also reduces puffiness and makes tired eyes look radiant with luxurious gold and silver pigments. Pat gently around the eyes with fourth or pinky fingers.

Advanced Protocol

Step	Product	Usage
1. Cleanse	Cleansing powder	This ultra-mild cleansing powder comes in individual ampoules that contain a pre-measured amount of powder. Break open the ampoule and pour the powder into a bowl or into hands. Work into foam with water and massage over the face. Rinse off.
2. Exfoliate	Exfoliating Powder	Our Exfoliating Powder works into a creamy fine foam that smoothes and polishes the top layer of skin with luxurious pearl powder. Pour contents of ampoule into a bowl or hands. Work into a lather using a brush or hands and massage over face, being sure to avoid the eyes. Remove with moist cloths.
3. Tone	Face Tonic + PCM Complex	This refreshing toner revives and pampers the skin with our luxury PCM complex - pearl, caviar, and magnolia. Pour Face Tonic onto a cotton pad and stroke over face.
4. Mask	Face Mask + PCM Complex	When skin needs a little extra vitality, this rich mask is ideal for use several times a week. It deeply hydrates with hyaluronic acid while our PCM complex regenerates skin and rich cupuacu butter restores the moisture barrier. Generously spread the Face Mask over skin. Leave on 10 minutes and remove with moist cloths.

5. Treat	Effect Gel + PCM Complex	This anti-aging gel serum restores the skin's youthful radiance and hydrates the deepest layers of the skin with hyaluronic acid and oat polysaccharides. Light-reflecting pigments make skin look smoother and more radiant. Apply onto cleansed skin. Can be used alone or under cream.
6. Moisturize	Day Care + PCM Complex	Our rich day moisturizer contains naturally-occurring minerals, amino acids, and peptides found in our PCM complex to regenerate and strengthen the skin. Apply evenly over the face and neck in the morning.
	Night Care + PCM Complex	At night, our Night Care cream tightens skin, reducing fine lines, while softening and smoothing skin texture with rich natural oils. Massage into cleansed skin at night.
7. Eye Cream	Eye Care + PCM Complex	Our unique PCM complex improves the structure of skin, smoothing and increasing elasticity. This eye cream also reduces puffiness and makes tired eyes look radiant with luxurious gold and silver pigments. Pat gently around the eyes with fourth or pinky fingers.
