

Dry Skin

Dry skin suffers from lack of water content in the skin, and lack of lipids, or oil. Both can cause tightness, fine lines, and premature wrinkles. Janssen Cosmetics' Dry Skin Collection treats the lack of moisture and oil using proven active ingredients, giving you visibly smoother and more supple skin.

Hyaluronic acid penetrates deep into the skin to hydrate and to plump out fine lines.

Macadamia nut oil and **Avocado oil** soften the skin and restore its oil balance.

Algae extract keeps skin moisturized all day.

Basic Treatment Protocol

Step	Product	Usage
1. Cleanse	Mild Creamy Cleanser	The Mild Creamy Cleanser removes impurities and leaves skin cleansed but not stripped of natural moisture. Massage cleanser over face and neck in circular motions. Remove with water.
2. Exfoliate	Mild Face Rub	Removes dead skin cells for smoother skin. Use once or twice a week. After cleansing, massage in Mild Face Rub for a few minutes with moistened fingers. Rinse off thoroughly with warm water.
3. Tone	Radiant Firming Tonic	Deep cleans pores and removes cleansing residues while restoring the skin's pH balance and preparing skin to absorb subsequent products. After cleansing and exfoliating, pour Radiant Firming Tonic onto a cotton pad and gently stroke over face and neck.
4. Moisturize	Aquatense Moisture Gel	The Aquatense Moisture Gel supplies moisture to dehydrated skin with water-binding actives like hyaluronic acid and algae extract. This gel also offers collagen boosting peptides. After cleansing and toning, apply Aquatense Moisture Gel to face and neck. May be used alone or under a cream.
	Day Vitalizer	Our Day Vitalizer restores both water and oil-deficient skin, leaving it moisturized all day. Apply to face and neck after cleansing and toning in the morning and massage in gently.
	Night Replenisher	This rich night cream nourishes and replenishes your skin while you sleep. After cleansing and toning, apply the Night Replenisher to face and neck and massage in gently.
5. Protect	Face Guard SPF30	This ultra-light sunscreen protects skin from sun damage and heat damage, that create spots and premature wrinkles. After cleansing and toning, evenly apply Face Guard over skin. Follow with day cream.

Advanced Treatment Protocol

Step	Product	Usage
1. Cleanse	Mild Creamy Cleanser	The Mild Creamy Cleanser removes impurities and leaves skin cleansed but not stripped of natural moisture. Massage cleanser over face and neck in circular motions. Remove with water.
2. Exfoliate	Mild Face Rub	Removes dead skin cells for smoother skin. Use once or twice a week. After cleansing, massage in Mild Face Rub for a few minutes with moistened fingers. Rinse off thoroughly with warm water.
3. Tone	Radiant Firming Tonic	Deep cleans pores and removes cleansing residues while restoring the skin's pH balance and preparing skin to absorb subsequent products. Our tonic adds marine collagen for plumping and nourishing skin as well. After cleansing and exfoliating, pour Radiant Firming Tonic onto a cotton pad and gently stroke over face and neck.
4. Mask	Hydrating Gel Mask	This deeply moisturizing mask produces instant results, leaving thirsty skin feeling softer and smoother. Use the gel brush to apply an even thin layer over the face and neckline. Leave on 5-20 minutes, and gently wipe off with a moist sponge or cloth. Follow with serum or cream. For greater effect, leave on overnight.
5. Treat	Hydrating Skin Complex	This concentrated hyaluronic acid serum binds water to the skin for prolonged moisture, leaving skin fresh, supple, and hydrated. Apply 2 pumps of Hydrating Skin Complex after cleansing and toning, followed by day or night cream.
6. Moisturize	Aquatense Moisture Gel	The Aquatense Moisture Gel supplies moisture to dehydrated skin with water-binding actives like hyaluronic acid and algae extract. After cleansing and toning, apply Aquatense Moisture Gel with collagen boosting Peptides to face and neck. May be used alone or under a cream.
	Day Vitalizer	Our Day Vitalizer restores both water and oil-deficient skin, leaving it moisturized all day. Apply to face and neck after cleansing and toning in the morning and massage in gently.
	Night Replenisher	This rich night cream nourishes and replenishes your skin while you sleep. After cleansing and toning, apply the Night Replenisher to face and neck and massage in gently.
7. Protect	Face Guard SPF30	This medium weight sunscreen protects skin from sun and heat damage such as spots and premature wrinkles. After your day cream, evenly apply Face Guard over skin.
