

Organic Collection

Janssen Cosmetics' Organic line is certified by NaTrue, one of the most stringent certification bodies the world. You can be confident that our organic products are **biologically responsible** - all products are made of the highest quality natural ingredients that will not harm your skin; **socially responsible** - benefit organic farmers who work the land by traditional methods; and **ecologically responsible** - ingredients are produced sustainably through the entire process from harvesting and formulation to packaging.

Our Organic products contain no parabens and no synthetic preservatives - only naturally occurring, non-toxic preservatives are used.

Aloe vera clarifies and soothes the skin.

Virgin coconut oil smoothes and moisturizes the skin.

Argan oil repairs the skin's natural barrier and protects against free radicals.

Alfafa extract stimulates collagen production, protects skin's structure and elasticity.

Step	Product	Usage
1. Cleanse	Cleansing Milk	Rich organic olive and coconut oils gently cleanse away makeup and impurities without damaging the skin's barrier. Gently massage over face and neck and rinse thoroughly. To remove eye makeup, pour Cleansing Milk onto cotton pad and stroke gently over eyes from roots to tips of eyelashes.
2. Exfoliate	Soft Peeling	This gentle exfoliator contains finely ground shea nut shells and rich oils to moisturize as well as exfoliate. Massage gently in circles with fingertips. Rinse with water or wipe off with moist cloths.
3. Tone	Calming Freshener	This soothing tonic completes the cleansing process by removing cleansing residues and moisturizing the skin with calming aloe vera. Pour onto a cotton pad and sweep over the face.
4. Moisturize	Hydrating Lotion	This light moisturizing lotion strengthens the skin's moisture barrier and hydrates skin using white lupine extract and hyaluronic acid. Argan and macadamia oil protect against water loss while smoothing the skin. Massage gently over the face and neck.

	Intense Moisturizer	For drier skin, the Intense Moisturizers smoothes fine lines and creases. It deeply hydrates with white lupine extract and hyaluronic acid, protects the skin with argan oil and shea butter, and stimulates collagen synthesis with alfalfa extract. Apply to face and neck morning and night.

Advanced Protocol

Step	Product	Usage
1. Cleanse	Cleansing Milk	Rich organic olive and coconut oils gently cleanse away makeup and impurities without damaging the skin's barrier. Gently massage over face and neck and rinse thoroughly. To remove eye makeup, pour Cleansing Milk onto cotton pad and stroke gently over eyes from roots to tips of eyelashes.
2. Exfoliate	Soft Peeling	This gentle exfoliator contains finely ground shea nut shells and rich oils to moisturize as well as exfoliate. Massage gently in circles with fingertips. Rinse with water or wipe off with moist cloths.
3. Tone	Calming Freshener	This soothing tonic completes the cleansing process by removing cleansing residues and moisturizing the skin with calming aloe vera. Pour onto a cotton pad and sweep over the face.
4. Mask	Hydrating Cream Mask	This rich creamy mask can be used several times a week to treat dehydrated skin. Plant extracts moisturize, smooth, and refresh the skin and a complex of organic oils restores the moisture barrier. Apply a generous layer of Hydrating Cream Mask to the face, including the eye area. Leave on 10-15 minutes and remove with moist cloths.
5. Treat	Tightening Serum	This deeply hydrating water-based serum revitalizes tired skin. Alfalfa extract improves collagen production and elasticity and oat extract smoothes the skin.

	Radiant Serum	The Radiant Serum refreshes tired skin while also brightening the skin with a blend of Alpine herbs. Skin looks fresher and more youthful. Apply to face and neck, allow to absorb, and apply cream on top.
6. Moisturize	Hydrating Lotion	This light moisturizing lotion strengthens the skin's moisture barrier and hydrates skin using white lupine extract and hyaluronic acid. Argan and macadamia oil protect against water loss while smoothing the skin. Massage gently over the face and neck.
	Intense Moisturizer	For drier skin, the Intense Moisturizers smooths fine lines and creases. It deeply hydrates with white lupine extract and hyaluronic acid, protects the skin with argan oil and shea butter, and stimulates collagen synthesis with alfalfa extract. Apply to face and neck morning and night.
	Rich Firming Cream	A high concentration of active plant extracts work together in this anti-aging cream. Alfalfa, rice, and white lupine extract stimulate skin regeneration, leaving you with younger, fresher skin. Apply to face and neck and press in gently.
7. Eye Cream	Eye Care Cream	This eye cream soothes irritated skin with eyebright extract, while hydrating and smoothing fine lines. Horse chestnut extract reduces dark rings around the eyes. Pat gently around eyes with fourth or pinky fingers and allow to absorb.
