We Build Partners

At Klein, we partner with Distributors, Manufacturers, Carriers, Application Developers, Governmental and Fortune 500 clients.

With collaborative design, testing, production and marketing, our in-house engineers coupled with decades of creative and market experience enable Klein to be the peripheral supplier of choice for the largest brands in our industry.

Join the team and develop the next evolution of communications technology hardware and firmware for a more efficient and high-quality user experience.

Build rugged. Engineer with innovation. Trust Klein Electronics as your partner.

How Partners Benefit

Collaborative design, build, testing & marketing, combined with a <1% defect rate, a comprehensive warranty program, experienced in-house electrical and firmware engineers.

Combine that with a proven passion for constantly improving and developing new products that anticipate the next evolution of communications technology...and we all win.

The ODM & OEM Leader in PTT Since 1991

- In-House Engineers
- OEM & ODM
- Highest Quality
- Large Inventory
- Drop-Ship at No Cost
- Very Experienced Team

Global drop-ship with North American, Asian and UK distribution.

In collaboration with these industry leaders:
