

## SECTION 1 — Identification

|                              |                                                     |
|------------------------------|-----------------------------------------------------|
| <b>Product name</b>          | #05 Burgundy Dye Block                              |
| <b>Supplier name</b>         | Lone Star Candle Supply, Inc.                       |
| <b>Recommended use</b>       | Compound used in customer substance/mixture/product |
| <b>Supplier address</b>      | 5800 Park Vista Circle, Keller, TX 76244            |
| <b>Supplier phone</b>        | 1-800-929-9425                                      |
| <b>Emergency phone (24h)</b> | CHEMTREC 1-800-424-9300 / +1 703-741-5970           |

## SECTION 2 — Hazards Identification

|                                                                    |
|--------------------------------------------------------------------|
| <b>2.1. Classification of the substance or mixture</b>             |
| <b>GHS US classification</b>                                       |
| Not classified                                                     |
| <b>2.2. GHS Label elements, including precautionary statements</b> |
| <b>GHS US labeling</b>                                             |
| No labeling applicable                                             |
| <b>2.3. Other hazards which do not result in classification</b>    |
| No additional information available                                |
| <b>2.4. Unknown acute toxicity (GHS US)</b>                        |
| Not applicable                                                     |

## SECTION 3 — Composition / Information on Ingredients

|                                                                                                                      |
|----------------------------------------------------------------------------------------------------------------------|
| <b>3.1. Substances</b>                                                                                               |
| Not applicable                                                                                                       |
| <b>3.2. Mixtures</b>                                                                                                 |
| This mixture does not contain any substances to be mentioned according to the criteria of section 3.2 of HazCom 2012 |

## SECTION 4 — First-Aid Measures

|                                                                             |                                                                |
|-----------------------------------------------------------------------------|----------------------------------------------------------------|
| <b>4.1. Description of first aid measures</b>                               |                                                                |
| First-aid measures after inhalation:                                        | Remove person to fresh air and keep comfortable for breathing. |
| First-aid measures after skin contact:                                      | Wash skin with plenty of water.                                |
| First-aid measures after eye contact:                                       | Rinse eyes with water as a precaution.                         |
| First-aid measures after ingestion:                                         | Call a poison center/doctor/physician if you feel unwell.      |
| <b>4.2. Most important symptoms and effects (acute and delayed)</b>         |                                                                |
| No additional information available                                         |                                                                |
| <b>4.3. Immediate medical attention and special treatment, if necessary</b> |                                                                |
| Treat symptomatically.                                                      |                                                                |

## SECTION 5 — Fire-Fighting Measures

|                                                           |                                |
|-----------------------------------------------------------|--------------------------------|
| <b>5.1. Suitable (and unsuitable) extinguishing media</b> |                                |
| Suitable extinguishing media:                             | Water spray. Dry powder. Foam. |

## 5.2. Specific hazards arising from the chemical

|                                                   |                              |
|---------------------------------------------------|------------------------------|
| Hazardous decomposition products in case of fire: | Toxic fumes may be released. |
|---------------------------------------------------|------------------------------|

## 5.3. Special protective equipment and precautions for fire-fighters

|                                 |                                                                                                                                        |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Protection during firefighting: | Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing. |
|---------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|

# SECTION 6 — Accidental Release Measures

## 6.1. Personal precautions, protective equipment and emergency procedures

### 6.1.1. For non-emergency personnel

|                       |                          |
|-----------------------|--------------------------|
| Emergency procedures: | Ventilate spillage area. |
|-----------------------|--------------------------|

### 6.1.2. For emergency responders

|                       |                                                                                                                                                           |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Protective equipment: | Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|

## 6.2. Environmental precautions

Avoid release to the environment.

## 6.3. Methods and material for containment and cleaning up

|                          |                                   |
|--------------------------|-----------------------------------|
| Methods for cleaning up: | Mechanically recover the product. |
|--------------------------|-----------------------------------|

|                    |                                                               |
|--------------------|---------------------------------------------------------------|
| Other information: | Dispose of materials or solid residues at an authorized site. |
|--------------------|---------------------------------------------------------------|

## 6.4. Reference to other sections

For further information refer to section 13.

# SECTION 7 — Handling and Storage

## 7.1. Precautions for safe handling

|                                |                                                                                  |
|--------------------------------|----------------------------------------------------------------------------------|
| Precautions for safe handling: | Ensure good ventilation of the work station. Wear personal protective equipment. |
|--------------------------------|----------------------------------------------------------------------------------|

|                   |                                                                                                   |
|-------------------|---------------------------------------------------------------------------------------------------|
| Hygiene measures: | Do not eat, drink or smoke when using this product. Always wash hands after handling the product. |
|-------------------|---------------------------------------------------------------------------------------------------|

## 7.2. Conditions for safe storage, including any incompatibilities

|                     |                                              |
|---------------------|----------------------------------------------|
| Storage conditions: | Store in a well-ventilated place. Keep cool. |
|---------------------|----------------------------------------------|

# SECTION 8 — Exposure Controls / Personal Protection

## 8.1. Control parameters

No additional information available

## 8.2. Appropriate engineering controls

|                                   |                                              |
|-----------------------------------|----------------------------------------------|
| Appropriate engineering controls: | Ensure good ventilation of the work station. |
|-----------------------------------|----------------------------------------------|

|                                  |                                   |
|----------------------------------|-----------------------------------|
| Environmental exposure controls: | Avoid release to the environment. |
|----------------------------------|-----------------------------------|

## 8.3. Individual protection measures / Personal protective equipment

|                  |                   |
|------------------|-------------------|
| Hand protection: | Protective gloves |
|------------------|-------------------|

|                 |                |
|-----------------|----------------|
| Eye protection: | Safety glasses |
|-----------------|----------------|

|                           |                                   |
|---------------------------|-----------------------------------|
| Skin and body protection: | Wear suitable protective clothing |
|---------------------------|-----------------------------------|

|                         |                                                                          |
|-------------------------|--------------------------------------------------------------------------|
| Respiratory protection: | In case of insufficient ventilation, wear suitable respiratory equipment |
|-------------------------|--------------------------------------------------------------------------|

PPE symbols:

# SECTION 9 — Physical and Chemical Properties

### 9.1. Information on basic physical and chemical properties

|                                                  |                      |
|--------------------------------------------------|----------------------|
| Physical state:                                  | Solid                |
| Color:                                           | Conforms to standard |
| Odor:                                            | characteristic       |
| Odor threshold:                                  | No data available    |
| pH:                                              | No data available    |
| Melting point:                                   | No data available    |
| Freezing point:                                  | Not applicable       |
| Boiling point:                                   | No data available    |
| Flash point:                                     | Not applicable       |
| Relative evaporation rate (butyl acetate=1):     | No data available    |
| Flammability (solid, gas):                       | Non flammable.       |
| Vapor pressure:                                  | No data available    |
| Relative vapor density at 20 °C:                 | No data available    |
| Relative density:                                | No data available    |
| Solubility:                                      | No data available    |
| Partition coefficient n-octanol/water (Log Pow): | No data available    |
| Auto-ignition temperature:                       | Not applicable       |
| Decomposition temperature:                       | No data available    |
| Viscosity, kinematic:                            | Not applicable       |
| Viscosity, dynamic:                              | No data available    |
| Explosion limits:                                | Not applicable       |
| Explosive properties:                            | No data available    |
| Oxidizing properties:                            | No data available    |

### 9.2. Other information

No additional information available

## SECTION 10 — Stability and Reactivity

### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

### 10.2. Chemical stability

Stable under normal conditions.

### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

### 10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7).

### 10.5. Incompatible materials

No additional information available

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

## SECTION 11 — Toxicological Information

### 11.1. Information on toxicological effects

|                        |                |
|------------------------|----------------|
| Acute toxicity (oral): | Not classified |
|------------------------|----------------|

|                                    |                |
|------------------------------------|----------------|
| Acute toxicity (dermal):           | Not classified |
| Acute toxicity (inhalation):       | Not classified |
| Skin corrosion/irritation:         | Not classified |
| Serious eye damage/irritation:     | Not classified |
| Respiratory or skin sensitization: | Not classified |
| Germ cell mutagenicity:            | Not classified |
| Carcinogenicity:                   | Not classified |
| Reproductive toxicity:             | Not classified |
| STOT-single exposure:              | Not classified |
| STOT-repeated exposure:            | Not classified |
| Aspiration hazard:                 | Not classified |
| Viscosity, kinematic:              | Not applicable |

## SECTION 12 — Ecological Information

### 12.1. Toxicity

|                    |                                                                                                                      |
|--------------------|----------------------------------------------------------------------------------------------------------------------|
| Ecology - general: | The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment. |
|--------------------|----------------------------------------------------------------------------------------------------------------------|

### 12.2. Persistence and degradability

No additional information available

### 12.3. Bioaccumulative potential

No additional information available

### 12.4. Mobility in soil

No additional information available

### 12.5. Other adverse effects

No additional information available

## SECTION 13 — Disposal Considerations

### 13.1. Disposal methods

|                          |                                                                                             |
|--------------------------|---------------------------------------------------------------------------------------------|
| Waste treatment methods: | Dispose of contents/container in accordance with licensed collector's sorting instructions. |
|--------------------------|---------------------------------------------------------------------------------------------|

## SECTION 14 — Transport Information

### In accordance with DOT

#### 14.1. UN number

Not regulated for transport

#### 14.2. UN proper shipping name

|                             |                |
|-----------------------------|----------------|
| Proper Shipping Name (DOT): | Not applicable |
|-----------------------------|----------------|

#### 14.3. Transport hazard class(es)

#### DOT

|                                   |                |
|-----------------------------------|----------------|
| Transport hazard class(es) (DOT): | Not applicable |
|-----------------------------------|----------------|

#### 14.4. Packing group

|                      |                |
|----------------------|----------------|
| Packing group (DOT): | Not applicable |
|----------------------|----------------|

#### 14.5. Environmental hazards

|                    |                                         |
|--------------------|-----------------------------------------|
| Other information: | No supplementary information available. |
|--------------------|-----------------------------------------|

#### 14.6. Special precautions for user

DOT: No data available

#### 14.7. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable

### SECTION 15 — Regulatory Information

#### 15.1. US Federal regulations

All components of this product are present and listed as Active on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

#### 15.2. International regulations

##### CANADA

No additional information available

##### EU-Regulations

No additional information available

##### National regulations

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm

| Component           | State or local regulations                                                                                                                            |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| PARAFFIN(8002-74-2) | U.S. - New Jersey - Right to Know Hazardous Substance List; U.S. - Pennsylvania - RTK (Right to Know) List; U.S. - Massachusetts - Right To Know List |

### SECTION 16 — Other Information

Issue date: 6/23/2022

**NFPA health hazard:** 1 - Materials that, under emergency conditions, can cause significant irritation.  
**NFPA fire hazard:** 1 - Materials that must be preheated before ignition can occur.  
**NFPA reactivity:** 0 - Material that in themselves are normally stable, even under fire conditions.

#### Disclaimer:

The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

Compiled by Lone Star Candle Supply, Inc. (5800 Park Vista Circle, Keller, TX 76244) from supplier-provided information. Section 1 supplier identity and emergency contact standardized to Lone Star; all other section content reproduced from the source SDS.
