## STITCH GLOSSARY

**CDD:** Sl 2 as if to k2 tog, k1, pass 2 slipped sts over.

## NOTE

This shawl is an unusual shape. The 2 wings are worked first, leaving live sts on needles. The center section is then worked, joining to the live sts (sts on needles) of alternating wings at the end of each row. The center section is only joined to half of each wing, leaving the other half free. These free sections form points that will fit over each shoulder as shawl is worn.
