### NOTE

These leg warmers are worked on 2 circular needles from the top down. When changing from one needle to the other, make sure that you pick up the opposite end of the needle holding the sts you will be working. If you pick up the end of the other needle, you will wind up with all the sts on one needle and will have to divide them onto 2 needles again. It is sometimes helpful to use 2 different colored needles or to mark both ends of one needle with nail polish or a permanent marker.
