FINISHING

Lay the 27" strip on top of the 37" strip centering the shorter strip. Sew both long edges leaving the narrow edges open, this forms a pocket on each side and a double base. Insert cardboard between the 2 strips before completing the second edge and tack strips tog at bottom of pockets to hold cardboard in place. Sew one long edge to the front and one long edge to the back sections. Center one handle on bound-off edge of back and, using crochet hook and 1 strand each of A and B held tog with ws of bag facing, work in sc across top edge of back, working over handle. (The top of ea sc will form a 'ridge' on the inside of the bag at the bottom of the dowel). Repeat with the second handle on the front of bag.
